Job Description

We are looking for bright minds and creative thinkers to contribute to our growing design studio in downtown Calgary.

Iwanski Architecture is an established leader in educational, institutional and commercial design and distinguishes itself through detailed planning and exceptional service to our clients. Our office is dedicated to providing the best design and construction solutions to all our clients. If you share these values, we look forward to receiving your CV and portfolio for the positions below.

We are looking to add an Architect to be part of our team.

This position includes:

- Managing the building design process from project inception through to completion.
- Programming, strategic and space planning, conceptual exploration and design development.
- Continually improving design quality by providing thoughtful solutions to design problems.
- Working on a variety of commercial and educational projects.
- Collaborating alongside broad, multidisciplinary consultant teams and our client groups.
- Balancing a desire for design excellence, sustainability and cost effectiveness.

Qualifications & Skill Sets

- Minimum 5 years Canadian experience.
- Excellent spoken and written English skills; strong computer skills.
- Self-starter; able to work within a group or independently.
- Proven ability to work with building codes and municipal by-law requirements.
- Able to produce effective construction documents in a timely manner for a range of project types.
- Design capability and proficiency in REVIT and applicable graphic presentation and visualization programs is an asset.

Preference will be given to a well-rounded individual who strives to push design innovation through responsible and sustainable architecture and has demonstrated success in designing and executing building projects. Registered membership with a provincial architectural association is preferred.
