Website Address: <https://dfarchitecture.ca/>

**Job Description**

DF Architecture is a midsize Architectural practice with office in Richmond and is currently working on a variety of residential and commercial projects throughout Canada. We are seeking an intermediate to senior-level Architect to assume responsibility for a variety of projects. Our objective is to invest in our staff and provide opportunities for long-term growth and advancement. DF Architecture Inc. has multiple locations in Vancouver, BC; Winnipeg, MB and Toronto, ON. Please clearly mention in the Cover Letter for the location applying for.

Job Description:

Successful applicants can expect to work at all phases of the project, from interacting with clients to design development to permitting and field reviews, across residential, commercial and mixed-use projects. Candidates should be registered or eligible to register with AIBC.

### Qualifications & Skill Sets

Qualifications:

- A University degree in Architecture (B. Arch; M. Arch)
- Registered AIBC Architect or ability to register within three months of joining.
- Minimum 5-10 years relevant experience in designing, consulting and preparation & approval of Building Permit Drawings
- Strong knowledge of AutoCAD and Revit.
- Strong Knowledge of building systems and detailing.
- Knowledge of BC Building Code, current building systems and materials.
- Experience producing construction drawings and a thorough understanding of construction detailing.
- Knowledge of energy efficiency and building envelope design
- Ability to work independently, developing and coordinating drawings.
- Ability to lead multiple projects and coordinate with various consulting professionals.
- Strong record-keeping, report writing, communication and interpersonal skills
- Excellent English language written and verbal communication skills.
- Excellent organizational skills with the ability to handle multiple tasks.
- Strong work-ethic, ability to work efficiently and with accuracy; and
- Strong analytical and problem-solving skills.

Duties include:

- Leadership of business development activities including proposal preparation & presentations.
- Commitment to providing leadership and contribute to the career development of staff, including directing, training recommendations, coaching and mentoring
- A dedicated team member who has experience developing a project through the design development, contract documentation and tender phases.
- ~~Should be able to multi-task and coordinate efforts on multiple projects in a timely and efficient manner~~
