

Job Information

Employer Name: Raymond de Beeld Architect Inc.

AAA Member : Yes No

Job Title: Intermediate Intern Architect or Registered Architect

Job Type (F/T or P/T): F/T

Location(s): Nanaimo, BC.

Expected Start Date:

Website Address: rdbarchitect.ca

Job Description

We are a small dynamic architectural practice located in Nanaimo, Vancouver Island, B.C. Our projects emphasis a regional identity and sustainable design. We undertake a wide variety of project types and sizes, primarily within the mid Vancouver Island region.

We are seeking a broadly experienced, skilled individual with a strong design capability to assist in project design, construction drawings, and contract administration.

We offer the opportunity for skill development and professional growth within a supportive and fun working environment. You would be working closely with the principal of the firm. Competitive salaries and benefits provided and flexible work hours. Benefits include medical, dental, life, and disability. Suitable for someone who works within a collaborative and stimulating environment, is passionate about their work, and enjoys a balanced lifestyle. Island life is more relaxed and outdoor activities abound only minutes away. With a comparable salary, Nanaimo is about 48% more affordable than Vancouver. Opportunity for Ownership or Partnership. Come to the island, its a good life!

Qualifications & Skill Sets

Strong design thinker.
Strong interpersonal and communication skills to work positively and effectively with project teams, clients, contractors, and authorities.
Expected to be self directed, attention to detail, thorough, consistent, and capable of working to deadlines.
Excellent graphic skills and 3D visualization tools such as Sketch Up, Photoshop/ In Design.
Excellent cadd capability (Vectorworks Architect an asset).
Knowledge of the BC Building Code, municipal bylaws, and environmental regulations/ standards.
Knowledge of building science, local construction technology, and west coast building envelope principles.
Knowledge of green building design, sustainable development, LEED, and Passive Haus.
Be self motivated to continual learning and be registered or eligible to be registered with the AIBC.
Minimum 3 years post graduate work experience.
