Employer Name: **collabor8 Architecture + Design**

AAA Member :  Yes  No

Job Title: **Intermediate Architectural Technologist**

Job Type (F/T or P/T): **F/T**

Location(s): **Calgary Office**

Expected Start Date: **Immediate**

Website Address: **www.c-8.ca**

**Job Description**

collabor8 Architecture + Design (formerly Maxam Design International) has an opening for an Intermediate Architectural Technologist. The successful candidate will be a graduate with a technical architectural diploma. You have computer skills in a variety of software applications and are proficient in AutoCAD. Any Revit skills would be considered an asset. You have good problem solving skills, have an eye for detail and can multi-task. You are able to work independently, as well as within a Team structure and are eager to expand your skills and grow within an organization. If this description fits your skill set and eye to the future, we would like to hear from you.

collabor8 Architecture + Design is a well established architectural firm with offices in Calgary and Vancouver. Our clients are predominantly Developers and Retailers and our work has taken us across North America, as well as to Spain and the Middle East. We are a boutique firm that clients seek out because of the attention we provide to their needs and the creative solutions that we develop. Our work is varied, exciting and always challenging. It covers a broad range of project types and styles.

People who work at collabor8 and who have worked at collabor8 in the past, often say it is the best place they have ever worked. We offer many unique benefits that are tailored to suit the needs of our staff and generally have a lot of fun working together while providing a highly professional level of service. If you are the right person, we would welcome you to join our Team and are confident that you would enjoy the experience.

**Qualifications & Skill Sets**

Graduate with an Architectural Technologist diploma.

Minimum 5 to 7 years experience, preferably with some Retail Experience.

Proficient in AutoCAD. Revit experience an asset.

Good problem solving skills, an eye for detail and an ability to multi-task.

A strong Team player in a strong Team environment.

**Contact Information**
