

Job Information

Employer Name: Davignon Martin Architectura + Interior Design AAA Member : Yes No
Job Title: Intermediate Architectural Technologist Job Type (F/T or P/T): F/T
Location(s): Calgary, Alberta Expected Start Date: Feb 2020
Website Address: davignonmartin.ca

Job Description

Davignon Martin Architecture + Interior Design is searching for people with strong modeling and technical drafting abilities to enhance our production team for both Architectural and Interior Design projects.

Responsibilities:

- Manage the completion of working drawing construction sets for mid to large commercial projects;
- Working within the project management application to manage time and meet deadlines;
- Working with DMA standards and programs to develop full construction drawing sets either independently or within a team;
- Manage a team in order to meet deadlines;
- Coordinate with sub-consultants and contractors;
- Ensure accuracy and quality of documents through knowledge of building codes, building science and construction processes.

You will be asked to participate as a lead technologist on an interesting and extensive range of projects inclusive of hospitality, commercial and residential in typology. You will be brought into each project from the onset and will carry the project through construction reviews and administration. You will collaborate with other team members and will be responsible to direct the progress of junior staff against project ideas, fees and deadlines. You will be working using different programs including REVIT and CAD on projects large and small.

Qualifications & Skill Sets

Qualifications:

- Operate computer assisted design systems within pre-established standard practices;
- Extremely proficient in AutoCAD;
- Highly proficient in REVIT, BIM management;
- Experience with sub-consultant coordination;
- Experience with construction administration;
- Assist in performance of quality control procedures.

The ability to interact positively with clients, consultants, contractors and your internal team is required. You must have a strong desire and commitment to contribute to the quality of the work that this studio will produce. An entrepreneurial nature is welcome.

Contact Information

(Please indicate any documents which applicants are required to submit, i.e. portfolios, cover letter, etc)

DMA+id is an award winning, client focused studio practice. We are looking for passion, talent and experience to add to our team. Our work is inspired and innovative, but also highly technical and intelligently creative. We have a great supportive office with opportunity for growth and learning. We are looking for diligent, accountable individuals committed to a structured environment and process, production standards, design excellence, positive client engagement and who are ready to sweat the small stuff.
