Employer Name: Kasian

AAA Member : Yes No

Job Title: Creative Design Lead, Interiors

Job Type (F/T or P/T): F/T

Location(s): Calgary

Expected Start Date:

Website Address: www.kasian.com

Job Description

We have an opportunity in our Calgary office for a Creative Design Lead on our Interiors team. With one of the largest interior design practices in Calgary, we are known for delivering extraordinary spaces by tapping into our creative thinking and sparking our imagination. We are looking for a talented conceptual designer who will work with project teams and studio leaders to provide design direction to ensure high-quality design for projects of varying types, scale, and complexity.

Here's what you'll be doing as our Creative Design Lead, Interiors:

Project Delivery

- Inspire creativity, provide design guidance and direction to the interiors team to elevate the creative quality of Kasian's interiors projects
- Lead the design process including the design vision and its conceptualization for projects
- Develop innovative design concepts which are practical, aesthetically appealing, and meet functional goals within the project budget
- Partner with clients through the strategic planning, client programming, and needs analysis phases on projects
- Lead and participate in the production of design deliverables including presentation material and submission documentation
- Champion the integrity of the design through all project stages
- Present design concepts and options at client meetings
- Work with design, technical, and contract administration teams to produce successful design development and contract documentation in alignment with Kasian's standards of quality, client program, and budget needs including coordinating project specifications and ensuring overall design intent

Project Review

- Resolve project performance issues and problems including ongoing review of project design quality and monitoring of budget, schedule and implementation
- Participate in the peer review process for Kasian projects

What you bring to Kasian:

- A minimum of 6 years of progressive interior design experience
- A Degree or Diploma in Interior Design and preference for NCIDQ certification
- Experience in the design and development of a variety of interior types (corporate workplace, hospitality, retail, etc.)
- Conceptual design expertise, strong technical knowledge, knowledge of furniture systems, and construction administration experience
- Excellent three-dimensional modeling and rendering skills (SketchUp, Revit, Lumion, Enscape, etc.)
- Proven leadership skills, including design leadership
- Excellent communication and presentation skills
