**Job Description**

Brian Allsopp Architect Ltd.

**INTERMEDIATE ARCHITECTURAL TECHNOLOGIST/ JOB CAPTAIN**

We are seeking a motivated person to join our growing design oriented practice in Edmonton, starting in July 2018. Our Practice is expanding and we are looking for Technical staff to become part of our dynamic Team. We are currently working on a variety of Commercial, Institutional, and Multi Unit Residential Projects in the Edmonton area.

**Responsibilities:**

Produce working drawings for commercial , institutional , & multi-family residential projects.  
Job captain / coordinate junior staff on multiple projects.  
Develop and review construction details and prepare Building Permit Drawings and Specifications.  
Research and apply information from Building Codes and Zoning Bylaws.  
Conduct and coordinate meetings and submissions with sub-consultants.  
Conduct site reviews and provide Contract Administration Services During Construction.  
Coordinate work of Junior Technologist staff through the Construction Document process.

**Qualifications:**

Diploma in Architectural Technology or Architecture from an accredited educational institution.  
Minimum 5 years experience in commercial , institutional, and residential Architecture within Canada.  
Proficient with Building Envelope Design.  
Excellent AutoCAD skills with both speed and accuracy.  
Proficient with Revit Architectural Suite.  
Working knowledge of Multi Unit Residential , Institutional , and Commercial construction practices.  
Working knowledge of the Alberta 2014 Building Code.  
Excellent organizational skills, able to multi-task and prioritize work while working independently.

.....  
Qualified individuals please submit your resume by email to wes@brianallsopp.com.  
No phone calls please. Only those Candidates selected for an Interview will be contacted.
