## Job Description

Robert Pashuk Architecture is a growing architectural studio based in Calgary. We are a small firm specializing in detail oriented residential, commercial and health care design. We have an upcoming need for an intern architect with a minimum of two years experience working in an architectural office. Successful candidate will work closely with architects to achieve project success. Successful candidates will be working on all aspects on design, construction documents and contract administration.

We are a young firm with a positive work environment. We work hard but also have fun.

**Qualifications & Skill Sets**

Masters degree in Architecture  
Must be registered with the AAA  
Strong conceptual design skills  
Effective written and speaking skills  
Must be proficient in Autocad/Autocad LT, Sketch-up, Sketch-up Pro, Photoshop, In Design, Revit, Microsoft Office  
Graduate of an accredited post-secondary Architectural Program  
2-3 years of post-graduate Canadian office experience  
Well organized and self-directed  
Will be required to complete a variety of tasks associated with all aspects of each project as well as with the efficient operation of the firm

**Contact Information**

(Please indicate any documents which applicants are required to submit, i.e. portfolios, cover letter, etc)

Robert Pashuk Architecture Inc. will provide a competitive salary and benefits package dependent on qualifications and experience. If you feel you possess the qualifications please send your resume and portfolio to:

robert@rparch.ca

No phone calls or drop-ins please. Submit your resume by e-mail (pdf) indicating the position you are applying for in the subject line.

Only candidates offering appropriate project-based credentials will be contacted for potential interviews, although we thank any interested parties for their submission.
