Job Description

Company Description

We are a global team of dedicated and experienced architects, engineers, planners, designers and technology professionals who share a common desire – to help our clients create livable, sustainable, and advanced urban environments.

From high-rises to industrial buildings, schools to state-of-the-art hospitals, transit stations to highways, airports to toll systems, bike lanes to parks, we design every aspect of a truly integrated city for people to live, work, and play.

Our collaborative and combined approach focuses not only on creating the best solutions today, but also determining the right solutions for tomorrow.

We believe cities in the future must be designed with intelligent systems, sustainable buildings, efficient infrastructure, and a human touch.

At IBI, we're defining the cities of tomorrow.

Our values:

Integrity – We do what is right.

Partnerships – We work together.

Excellence – We pursue design excellence.

Innovation – We embrace ingenuity.

Community – We build community.

Job Description

Here is how we work:

The Calgary office is hiring an Intern Architect for its team. The architectural team consists of Project Managers, Construction Administrators, Architects, Technologists, and Administrators. Our work is diverse for example, high-rise residential, civic, institutional, transportation, commercial throughout western Canada.

Most of the things you'll work on:

Coordinating and managing project team members including outside consultants

Design Phases including concept design and creation of design reports

Design development and documentation for the purposes of obtaining development and building permits

Preparing drawings for tender, drawing detailing, construction documentation through to issue for construction documents

Construction contract administration/construction site reviews

Qualifications & Skill Sets

You'll need to have:

Minimum of 3-5 years of experience working in an architectural firm with a focus on Revit based projects

University Degree in Architecture

Registered or eligible for professional registration with the Alberta Association of Architects

Strong 2D CAD and Revit experience

Ability to work independently

Strong organizational, problem-solving, and analytical skills

3D Rendering skills in various platforms would be an asset

Experience with Microsoft Office

Versatility, flexibility, and a willingness to work within constantly changing priorities

Self-motivated, well organized, with a demonstrated passion for design excellence

Contact Information

(Please indicate any documents which applicants are required to submit, i.e. portfolios, cover letter, etc)

Office description:

The office hosts numerous social and family events throughout the year to build and strengthen ties between employees, their families and the community. IBI Group Calgary is also a participant in the annual Calgary Corporate Challenge competing with other firms in support of local charities, team-building, corporate interaction and healthy active lifestyles. As a professional working in the Calgary office, you will have the opportunity to work alongside seasoned individuals, a diversity of projects and collaborating with teams across the organization.

We thank all applicants for their interest. However, only those selected for an interview will be contacted. IBI Group is proud to be an Equal Opportunity Employer.

*****We request applicants submit RESUME AND PORTFOLIO highlighting relevant work experience; please limit PDF files to 10MB.
