Job Title: Architectural Designer

Job Type (F/T or P/T): F/T

Location(s): Edmonton

Expected Start Date: May 1, 2019

Website Address: <https://www.ibigroup.com/>

Job Description

Company Description:

We are a global team of dedicated and experienced architects, engineers, planners, designers and technology professionals who share a common desire – to help our clients create livable, sustainable, and advanced urban environments.

From high-rises to industrial buildings, schools to state-of-the-art hospitals, transit stations to highways, airports to toll systems, bike lanes to parks, we design every aspect of a truly integrated city for people to live, work, and play.

Our collaborative and combined approach focuses not only on creating the best solutions today, but also determining the right solutions for tomorrow. We believe cities in the future must be designed with intelligent systems, sustainable buildings, efficient infrastructure, and a human touch.

At IBI, we're defining the cities of tomorrow.

Our values:

Integrity – We do what is right.

Partnerships – We work together.

Excellence – We pursue design excellence.

Innovation – We embrace ingenuity.

Community – We build community.

Job Description:

BI Group's Edmonton office is looking for an Architectural Designer to join its growing team. In this role you will have the opportunity to work on various projects from design phase through to construction. To be successful in this role it requires strong design and working drawing skills.

Are you looking for a challenging opportunity that will allow you to join a highly creative and collaborative team dedicated to innovative problem solving and designing excellence?

Then come discover what IBI has to offer.

Most of the things you'll work on:

- Works with internal Project Managers and Architects to establish project requirements; develop excellent design options
- Develops architectural designs and drawings from preliminary concepts and sketches
- Creates and presents design solutions using corporate standards and client's specifications; schematic design to detailed design development
- Assists in coordinating the design of projects, including liaising with clients
- Attends design team meetings
- Engages in creative design development tasks individually or as part of a team
- Prepares design presentations including renderings, PowerPoint and printed/mounted panels as required
- Other responsibilities; as determined on an individual project basis

Qualifications & Skill Sets

You'll need to have:

- University Degree or College Diploma in Architecture
- Registration with OAA, would be preferred.
- 3-6 years of architectural design experience
- Experienced in AutoCAD, SketchUp, Revit, Microsoft Office and graphic software.
- Excellent communication and presentation skills
- Excellent design/design development and graphics skills
- Experience with developing and researching appropriate details
- Excellent time management skills, Initiative, attention to detail
- Ability to work independently as well as in a team environment
