Location(s): 3388A Tennyson Avenue, Victoria, BC	Expected Start Date: ASAP
Website Address: www.vda.ca	

## Job Description

VDA Architecture Limited has been practicing in Victoria for more than 30 years and is seeking talented, dedicated individuals to join our team on existing and upcoming projects. Working for VDA you will be involved with a wide range of projects including multi-family, commercial, industrial, and institutional projects. VDA also specializes in recreation and community projects and has worked with more than 140 communities across Canada delivering these projects. Currently VDA is involved with aquatic projects in Alberta, Ontario, and an indoor ice arena in Ulaanbaatar the capital of Mongolia.

Our offices are centrally located in Victoria, just outside the downtown core, making for an easy commute from anywhere in the Capital Regional District.

We are looking for a creative individual who can focus not just on great design, but can see the big picture of meeting the clients' needs while working within the project budget and schedule and within a team environment.

### Senior/Intermediate Architect

#### Duties:

- You will liaise with clients and municipal authorities in developing architectural design drawings, presentation drawings, and renderings.
- Use your excellent communication skills to make presentations to clients, Councils, and community groups.
- Apply your project management skills in overseeing team members in the production of construction and tender documentation.
- Your strong analytical and problem solving skills will be put to use working with and coordinating the project, sub consultants, and client team members.
- An important part of your job will be to provide construction and site administration services to see projects through to completion.

#### Incentives and Compensation:

- Competitive base compensation based on experience and qualifications
- Family friendly hours 8-4
- Benefits including dental, extended health, disability, and life
- Continuing education support
- Professional fees reimbursed

## Qualifications & Skill Sets

**Qualifications:**

- BC Registered Architect or eligible to be registered with the AIBC.
- 5 years Canadian experience.
- Working knowledge of Canadian Provincial Building Codes.
- Proficient in AutoCAD and Sketchup.
- Revit experience not essential, but will be considered an asset.
- LEED certification an asset.

## Contact Information

(Please indicate any documents which applicants are required to submit, i.e. portfolios, cover letter, etc)

Send cover letter and resume in pdf format to [mail@vda.ca](mailto:mail@vda.ca).

Please include some representative samples of work and references with your resume. Candidates will be expected to present a more complete portfolio of their work at the time of interview.

We thank you for your interest in working with VDA, however, only those selected for interviews will be contacted
