

## Job Information

Employer Name: Perkins & Will

AAA Member :  Yes  No

Job Title: Senior Architect

Job Type (F/T or P/T): F/T

Location(s): Calgary, AB

Expected Start Date: March 2020

Website Address: <https://perkinswill.com/studio/calgary/>

## Job Description

Our Calgary studio is growing and we are looking for the right candidate to add to our team. The Senior Architect will have experience in all phases of development including programming, pre-design, schematic design, design development, implementation, and delivery of multiple or significant large scale and complex projects. The incumbent should experience running CD and CA for multiple large projects.

Join our award winning design firm!

### DESIGN

- Collaborates with Project Managers, Design Principal, and others in developing and executing design concepts.
- Generates design ideas and solutions and communicates effectively to project team and client.
- Designs in accordance with project schedules, budgets, applicable codes and ordinances.
- Develops architecturally-significant designs consistent with Perkins and Will's commitment to Design Excellence.
- Develops and prepares design documents including preliminary designs, contract documents, and presentation materials.
- Understands and responds to the technical implications of design decisions.
- Facilitates firm and project goals of excellence in design, execution, sustainability, and resilience.
- As we often work with other P&W offices on our projects, highly developed communication, interpersonal, verbal and written skills are mandatory.
- Works with the team to integrate the design and technical aspects of the project.

### TECHNICAL

- Demonstrates thorough understanding of project management process including scope, budgets, and schedule.
- Exercises maturity in architectural judgment in anticipating and solving complexities, determining program objectives and requirements.
- Stays current with evolving building technology and systems applicable to the design process.
- Performs tasks according to the Perkins and Will standards and Project Delivery Manual.

### MANAGEMENT

- Leads, organizes, and directs project design team.
- Leads, organizes, and mentors staff.
- Must be able to pitch and participate in new business pursuits.
