Employer Name: Modern Office of Design + Architecture

AAA Member :  Yes  No

Job Title: Senior Architectural Technologist

Job Type (F/T or P/T): F/T

Location(s): Calgary, Alberta

Expected Start Date: Immediately

Website Address: moda.ca

## Job Description

Modern Office of Design + Architecture is currently seeking a Senior Architectural Technologist to join our collaborative team and lead the production of Contract Documents for a number of medium to large scale multi-family and commercial projects.

### Job Description

You will be asked to participate as lead technologist on a number of interesting and innovative architectural projects. You will collaborate with other team members and external consultants and be responsible for drawing coordination, assembly of review, tender and permit documents, and ensuring that drawing standards and quality are maintained. You may also be tasked with implementing BIM and guiding staff in the use of Revit. Responsibilities will include:

- Preparing drawings using AutoCAD and possibly REVIT
- Produce, analyse and advise on detailed specifications, building systems and construction details
- Review and apply building codes, by-laws, site requirements, client standards, and other technical documents
- Lead and mentor junior and intermediate technologists
- Review of Shop Drawings
- Coordination with sub-consultants

### About Us

MoDA is a full-service architecture and interior design firm offering a collaborative, team-oriented approach to all projects, big or small. Our service spans a wide range of size and scope, from single-family residences to multi-family and mid-scale office, retail and commercial buildings. Our desire not to specialize in any given area of design is reflected in the diversity of our portfolio. We're fresh, enthusiastic, professional, passionate and fun to work with. Here's what we offer:

- Full Benefits and competitive salary
- Family friendly hours with an emphasis on work-life balance
- Great location on the bike path in the Beltline
- Opportunity to part of a collaborative, award winning team

## Qualifications & Skill Sets

### Qualifications

- AT Diploma from a Canadian accredited school
- Minimum 10 years' experience in detailing wood frame, concrete, steel and mass timber buildings
- Exceptional knowledge of AutoCAD
- High degree of proficiency in REVIT and BIM management and a working knowledge of SketchUp is an asset
- Advanced knowledge of the building code and energy code
- Effective mentoring and leadership skills
- Experience with sub-consultant coordination
- Experience in Contract Administration and shop drawing review
- Ability to think creatively when designing details and maintaining design intent
- Strong technical aptitude with a knowledge of building systems and construction processes
- Excellent communication skills
- Diligent and detail oriented
- Ability to work to project deadlines

## Contact Information

(Please indicate any documents which applicants are required to submit, i.e. portfolios, cover letter, etc)

Please forward your resume to [info@moda.ca](mailto:info@moda.ca) with "AT Position" in the subject line, along with some examples of your work. Only electronic submissions will be accepted. Include your available start date and salary expectations. While we welcome and appreciate all applicants, only those selected for an interview will be contacted.
