General Information

1. **Processing** takes **3 to 5 weeks** from the date of receipt. The forms must be current and complete with all the required documentation and appendices.
2. **Applications** should be typed or printed.
3. **Restrictions on Title** – only Registered Architects with the AAA may use the words “Architect”, or “Registered Architect” after his/her name in Alberta.
4. **Licence Term** – January 1 to December 31 of each year. **Applications received after December 1** will not be finalized in that calendar year (unless otherwise requested) and must include the appropriate fees for the following year.
5. **Seals** are automatically ordered by the AAA at the time of registration. The fee for seal is included in the registration fee.
6. **Certificate** – A certificate of registration will be issued to the architect with their registration package. The certificate shall be prominently displayed in his/her place of business.
7. **Mandatory Professional Development** – The AAA has a mandatory professional development program and detailed information can be found on the AAA website at www.aaa.ab.ca.
8. **Practice Arrangement** - The AAA has a two (2) tier registration/licensing. You must obtain a Licence for yourself (individual) and must be employed by an architectural firm/corporation registered with the AAA or must apply to the AAA for a Firm Licence or Corporate Permit to Practice (‘Practice Arrangement’) prior to providing architectural services in Alberta. An application for Firm Licence or Corporate Permit to Practice should be submitted together with the Application for Registration.
9. **Mobility of Architects** – Sometimes clients want you to start to work in Alberta or provide design ideas, programming or other architectural services before you are registered in Alberta. Architectural services in Alberta can only be provided by an architect registered by the AAA and employed by, or hold ownership in, a registered/licensed firm or corporation with the AAA.
10. **Principal Place of Practise** – The address declared by the architect to be the address at which the architect is predominately offering architectural services. The architect may only identify one principal place of practise.
11. **Commissions** – You are advised to notify the AAA in writing in advance of being considered for a commission in Alberta. You must also promise to comply with the requirements for registration immediately upon obtaining the commission. This avoids the perception that you are trying to practice architecture without a Certificate of Registration or an approved Practice Arrangement.
12. **Collaboration and Temporary Licences** - As an alternative to the process of licensure as an architect and issuance of a Certificate of Registration, or in the case of an architect who is licensed in a jurisdiction which does NOT have reciprocity with Alberta, the process of a Visiting Project Licence is available for the purpose of providing architectural services on ONE specific project. This option requires collaboration with an Alberta Registered Architect with a Firm Licence or Corporate Permit to Practise.
13. **Fees** – There are Registration Fees and Annual Dues Fees for each registration/licence. Registration Fees are non-refundable. All applicable fees must accompany each application for registration. Annual Dues are payable on or before December 15 of each year for the following calendar year. Late fees will occur to outstanding accounts at a rate of \$100.00 per month until all fees have been paid in full. Cancellation of membership will occur if all fees are not paid by the required date.
