Location(s): **Edmonton, Alberta**

Expected Start Date: **TBD**

Website Address: **BR2Architecture.com**

Job Description

BR2 Architecture has operated as a full service medium sized architectural practice in Edmonton, Alberta since 1978. The firm currently employs 18 staff to carry out a diverse range of services and projects throughout Western and Northern Canada including education, recreation, industrial and institutional projects.

The philosophy of the firm's work is based upon providing innovative yet appropriate solutions to each individual project. Each commission is unique and the approach to each project is equally distinctive.

Our firm is seeking a Registered Architect with minimum 5 years experience in managing projects and coordinating project teams. The ability to communicate with clients, partners, staff and consultants is key to this position. Our goal is select an individual who is able to work with the partner lead, develop and progress the design, and lead the project team from design through the end of construction.

The preferred candidate will have the skills to engage and communicate well with our clients, have strong design and presentation skills, an understanding of the technical requirements of building detailing, ability to develop specifications and have experience with on-site construction practices and reviews.

For information about our firm, please visit our website at BR2Architecture.com
