

**Job Information**

Employer Name: BlueGreen Architecture Inc.

AAA Member :  Yes  No

Job Title: Architectural Technologist

Job Type (F/T or P/T): F/T

Location(s): Kelowna, BC

Expected Start Date: asap

Website Address: [www.bluegreenarchitecture.com](http://www.bluegreenarchitecture.com)

**Job Description**

**Organization Description:**

A vibrant, mid-sized firm, Bluegreen is a respected, leading-edge architecture firm in beautiful downtown Kelowna. We value our solid relationships with clients and consultants and integrating the philosophies and practical applications of sustainability principles into project planning and building design.

With over three decades of experience, we are committed to producing architecturally inspiring work while pushing the boundaries of sustainable, innovative design.

We have studios in both Kelowna and Kamloops, and a broad portfolio of projects. We're excited about hiring someone who can help us achieve our goals in a market full of opportunity. This position is for the Kelowna office.

**Job Description:**

We're seeking an engaged Architectural Technologist to join our team. We're in it for the long-haul, so we're looking for a long-term commitment and a growth-mindset.

What we offer is a full benefits program and a flexible work environment with the opportunity to collaborate in a healthy, positive team environment.

## Qualifications & Skill Sets

The lucky applicant will have:

- Minimum 5 years experience with High-Rise/Mixed Use Residential and Commercial
- Advanced knowledge of Revit
- 3D conceptual design experience
- Working knowledge of BC Building Code
- Proficiency with Sketch-Up, Microsoft Office or Office 365
- Well-versed in managing and communicating with clients, consultants and project team
- Construction Administration experience would be an asset.

Assets that would make an applicant stand out:

- Registered with the AIBC or eligible to register within the province of BC
- Bluebeam experience

Qualities we're looking for:

- Willingness to take on assignments and work well individually as well as part of a team.
- Detail-oriented
- A discerning eye
- Excellent written and verbal communication skills.
- Ability to handle multiple tasks.
- Ability to manage and lead projects with minimal supervision through various permit submissions and/or construction

## Contact Information
