Job Description

We are currently looking to fill the position for an Intern Architect that will fit within our team.

N53 Architecture is a multi-faceted firm that takes a practical approach to good design. We have a team-oriented work environment that is committed to providing the highest level of service on every project. This is achieved through understanding and responding to client needs and objectives, providing leadership to a dedicated and experienced project team and fostering an open and creative work environment.

Our team is committed to producing high quality, innovative and creative design solutions within budgets and deadlines.

We strive for interesting, well designed and technically sound buildings. We are thorough and avoid cutting corners. Our designs strive to initiate awareness of beauty, interest and inquiry. Our aim is to create spaces that ignite a passion for living, working and learning.

Qualifications & Skill Sets

QUALIFICATIONS

- M. Arch or equivalent education
- Minimum 2 years of post-graduate experience with an architecture firm in Canada
- Experience in the production of Schematic Design and Construction Documents utilizing Revit software, Sketchup and Autocad
- Experience working on a variety of building types
- Team player who cooperatively assists the team, and provides superior client service

The position is accountable and responsible for “client satisfaction” through quality, reliability, service and value to meet the clients’ diverse expectations.

SKILL SETS

- Proficient with Autocad and Sketchup or Revit
- Ability to document small to medium sized projects with minimal supervision.
- Ability to predict and schedule time lines accurately
- Ability to work well within a team and reliability as a team member
- Effective communication with clients, consultants & suppliers
- Understanding of the Alberta Building Code and Municipal Bylaws
- Ability to work independently and be self motivated
- Organizational skills in preparation for meetings
- Acceptance of challenges through problem identification and opportunities
- Ability to take action and achieve results
- Willingness to travel as required
- Strong communication proficiency and strong command of written English
- Willingness to learn and grow in the position to become a leader within the firm
