Employer Name: Kirkor Architects and Planners

AAA Member : Yes No

Job Title: Architectural Technologist

Job Type (F/T or P/T): Full time

Location(s): Calgary office

Expected Start Date: _____

Website Address: www.kirkorarchitects.com

Job Description

KIRKOR believes in active leadership. In every phase of a project, direct involvement and oversight of partners is central to the way we work. This approach reflects our philosophy of service. We fully embrace the responsibility to foster close relationships with all of our partners and clients from local residents to civic officials. The spirit of collaboration and careful listening encourages a strong, collaborative and supportive project community in all aspects of KIRKOR's work, including how we support our growing studio.

Qualifications & Skill Sets

We are seeking an Architectural Technologist, who will support our teams. Applicants should have 5 or more years of working experience, plus solid organizational, analytical, and problem solving skills and come with an eagerness to learn. Preference will be given to candidates who have working experience with high-rise residential and, or multi-use residential projects.

RESPONSIBILITIES:

- Prepare black line drawings for marketing.
- Draw construction details and dimensioning of floor plans.
- Experience with building envelope detailing.
- Prepare construction documents for building permit and tender documents.
- Prepare and revise site instruction documents and sketches.
- Coordinate and review architectural and consultant drawings.
- Thorough knowledge of building systems and detailing
- Solid knowledge of the Building Code
- Excellent working drawings and Revit skills

QUALIFICATIONS:

- Graduate of a recognized Architectural Technology diploma program.
- Working knowledge and experience with the Building Code.
- Ability to work independently and within a team.
- High level of skill with REVIT required.
- Experience with Adobe suites, Photoshop, and Illustrator is a definite asset.
- Solid organizational, analytical, problem solving, decision making, and communication skills.
