Job Description

Company Description

We are a global team of dedicated and experienced architects, engineers, planners, designers and technology professionals who share a common desire – to help our clients create livable, sustainable, and advanced urban environments.

At IBI, we're defining the cities of tomorrow.

Here's how we work:

IBI Group's Edmonton office is looking for an Intern Architect to join its growing team. In this role you will have the opportunity to work on various projects from design phase through to construction. To be successful in this role it requires strong design and working drawing skills.

Are you looking for a challenging opportunity that will allow you to join a highly creative and collaborative team dedicated to innovative problem solving and designing excellence?

Then come discover what IBI has to offer.

Most of the things you'll work on:

- Works with internal Project Managers and Architects to establish project requirements; develop excellent design options
- Develops architectural designs and drawings from preliminary concepts and sketches
- Creates and presents design solutions using corporate standards and client's specifications; schematic design to detailed design development under the direct supervision of a registered architect
- Assists in coordinating the design of projects, including liaising with clients
- Attends design team meetings
- Engages in creative design development tasks individually or as part of a team
- Prepares design presentations including renderings, PowerPoint and printed/mounted panels as required
- Other responsibilities; as determined on an individual project basis

Qualifications & Skill Sets

You'll need to have:

- University Degree or College Diploma in Architecture
- Must be registered with the AAA or eligible to register with the AAA
- 3-6 years of architectural design experience
- Experienced in AutoCAD, SketchUp, Revit, Microsoft Office and graphic software.
- Excellent communication and presentation skills
- Excellent design/design development and graphics skills
- Experience with developing and researching appropriate details
- Excellent time management skills, Initiative, attention to detail
- Ability to work independently as well as in a team environment
