Member Donates Drafting Table to Aspiring Architect

Over the summer, the AAA was contacted by Ray Falk asking if any of our members could donate a drafting table to be given to Ray's grandson (an aspiring architect). AAA member

"This "project" has now reached its first stage with the gracious generosity of David Johnson, who donated the necessary "raw materials." And, what's more, I also had the pleasure of a delightful "grandfatherly" conversation with him about this engaging subject and profession."
